Spring 2011

What's new at Valley Vision Optometry?

Despite the late snowfall, we still were able to forge ahead with our Grand Re-Opening March 5th.

Attendees were guided through our new facility, enjoying the open, bright space. Features such as the Totem created by Ray Sim, and the Glass etching by Cascadia Glass Studio were favourites. Our new Children's play area, coffee bar, and free WIFI were also well received.

Other changes include an expanded Eyewear Gallery with three additional fashion brands: Juicy Couture, D&G, and Venus Eye Design. Along with the latest in fashion eyewear, we also have the latest in diagnostic technology. Our examinations include an

assessment of focus, eye alignment, and eye health including Optomap retinal screening (pain free, wide field views of the retina, often without eye drops) and FDT visual field screening. We have also added the latest technology to test central vision for wet macular degeneration, Foresee PHP.

For our patients who have been waiting until the renovation is complete, as well as those in the community who have not yet developed a relationship with an eye care office, we welcome you to the newly renovated Valley Vision Optometry!

Sincerely,

Shaun Golemba

Dr. Golemba cuts the ribbon at his renovated location on Redford Street.

DOCTORS || EYECARE NETWORK

A one-of-a-kind professional eye care experience to enhance your visual life and great looks.

Order your contact lens online

We would like to announce that the convenience of on-line ordering and direct delivery are available through our new Web Store, Valley Vision Direct.

Now you can enjoy the benefits of direct delivery of your contact lens prescription to your home or workplace. The products delivered are the same high quality lenses we use in-office and we will verify that your prescription is accurate and up-to-date before your order is processed.

From our web store, you can order new contact lenses, refill your existing contact lens prescriptions, make changes to your account profile, and check your Order Status. Even if you do not have internet access, our staff can still sign you up for home or workplace delivery so that you can call us with your order.

Ready to sign up...

- >> Please contact us by phone or email to get registered for Valley Vision Direct - our front desk team will be glad to help you get started.
- >> All we need is your name, email address, and to verify your contact lens prescription is up to date.
- >> Worried about security? Rest assured our web store uses a secure web site which protects and encrypts your information.
- >> You will be given a login - you can access Valley Vision Direct from our website, www.valleyvisionoptometry.ca
